UTTARAKHAND:
WHERE NATURE INSPIRES SUSTAINABLE GROWTH

Confidential and Proprietory
June 2026

SHRI PUSHKAR SINGH DHAMI

HONORABLE CHIEF MINISTER, UTTARAKHAND

MESSAGE

SHRI ANAND BARDHAN

CHIEF SECRETARY, UTTARAKHAND

MESSAGE

SHRI MUNINDRA KUMAR

DIRECTOR GENERAL, CHAMBER OF COMMERCE AND INDUSTRIES OF INDIA

MESSAGE

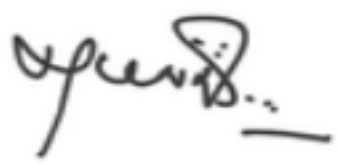

India's progress is driven by the collective efforts of its states and union territories, each contributing uniquely to the nation's economic, industrial, social, and technological development. As the country moves towards becoming a developed economy, stronger collaboration between government institutions, industry, academia, investors, and development stakeholders has become essential for achieving sustainable and inclusive growth.

The Chamber of Commerce and Industry of India (CCI India) remains committed to strengthening this collaborative ecosystem by promoting investment, entrepreneurship, innovation, industry partnerships, skill development, and economic advancement across the country. Through its various initiatives, CCI India continues to facilitate meaningful engagement between public and private stakeholders, creating opportunities that contribute to regional and national development.

This Knowledge Paper has been prepared to provide insights into key government departments, development priorities, emerging opportunities, policy landscapes, and potential areas of collaboration. It highlights how strategic partnerships, technology adoption, private sector participation, and innovative approaches can accelerate growth, improve service delivery, and enhance the overall development ecosystem.

The publication is intended to serve as a valuable reference for policymakers, government officials, industry leaders, investors, entrepreneurs, academic institutions, and development organisations. By fostering informed dialogue and encouraging collaborative action, it aims to support initiatives that generate investment, create employment, strengthen institutions, and drive long-term socio-economic progress.

As India continues its journey towards greater prosperity and global competitiveness, the role of effective partnerships and knowledge-sharing will remain increasingly important. It is our hope that this publication contributes meaningfully to that vision and serves as a catalyst for impactful collaboration and sustainable development.

Munindra Kumar
Director General
CCI India

PREFACE

Uttarakhand, often referred to as the "Dev Bhoomi" of India, stands as a unique blend of natural wealth, spiritual significance, industrial progress, and sustainable development. Nestled in the Himalayan region, the state possesses immense strengths in tourism, hydropower, agriculture, horticulture, forestry, pharmaceuticals, wellness, education, and emerging technology sectors. With its strategic geographic location, abundant natural resources, growing industrial base, and strong policy support, Uttarakhand has emerged as an attractive destination for investment, innovation, entrepreneurship, and inclusive economic growth.

The Chamber of Commerce and Industry of India (CCI India) has prepared this compendium of Knowledge Papers covering key departments of the Government of Uttarakhand. The objective of this publication is to provide a comprehensive understanding of departmental mandates, developmental priorities, economic contributions, policy frameworks, investment opportunities, technological advancements, and avenues for public-private collaboration. These Knowledge Papers serve as a valuable resource for policymakers, investors, entrepreneurs, industry leaders, academic institutions, startups, and development organisations seeking to contribute to Uttarakhand's growth and transformation.

This publication highlights opportunities across critical sectors including agriculture, horticulture, animal husbandry, fisheries, healthcare, education, infrastructure, rural development, industries, forestry, tourism, disaster resilience, social welfare, and environmental sustainability. It further explores how collaboration between government departments, private enterprises, financial institutions, research organisations, and community stakeholders can accelerate investment, create employment, strengthen value chains, promote innovation, and improve service delivery throughout the state. Special emphasis has been placed on identifying practical pathways for sustainable development while preserving Uttarakhand's ecological and cultural heritage.

As Uttarakhand continues to strengthen its position as a leading destination for tourism, wellness, manufacturing, education, and green growth, effective partnerships between government, industry, academia, and civil society will be essential in unlocking its full potential. CCI India remains committed to supporting this journey through policy advocacy, investment facilitation, business networking, trade promotion, capacity building, research, and knowledge-sharing initiatives. We firmly believe that Uttarakhand's unique combination of natural resources, human capital, industrial capability, and strategic vision positions it to become one of India's most sustainable and prosperous growth engines in the years ahead.
